HOME BANKING

Online Internet Banking is now available to all members of the Jayhawk Federal Credit Union. By using this service a member can view balances, transfer funds between accounts, and see transaction history. Members can also receive account statements electronically. This means that you can receive your statement promptly at the end of the statement period. This feature will also help defer the cost of statement preparation and postage allowing the Credit Union to pass these savings on to its members in the form of low fees and good rates. At your convenience you can view your transactions and in the case of your checking account, verify your cleared checks on a daily basis.

You must be signed up and entered in the database to use this free service. If you would like to participate in this service please print the form at the bottom of this page, fill it out, and return it to the Credit Union office. You must be the primary member of the account and a current member of the JFCU. All fields are required.

Call a Credit Union Member Services Representative for information on setting up your account number and password.

After entering the Home Banking module you may change your password at any time.

-

I would like to participate in the Jayhawk Federal Credit Union Home Banking Program:

Account # _____ E-mail Address _____
